1. KITCHEN SHAPE & DIMENSIONS

Begin in any corner of the room with a tape measure and measure to an adjacent wall. Please measure in inches. use the gridlines in the following pages to draw your kitchen layout & record your measurements

2. MEASURE WINDOWS & DOORS

Window Measurements

Window	A	B	C
1			
2			
3			

Door Measurements

Door	A	B	C
1			
2			
3			

3. WALL OPENINGS

Measure the distance from the wall corner to the outside edge of the opening and mark it on the drawing. Measure and record the length of the opening. Repeat this process for all openings. (Example 1, Floor Plan)

4. UTILITY SUPPLY LINES

Draw a side view plan of each wall and record the distance from the floor to the ceiling. If you have soffits, include the measurements on the layout. Use the symbols shown below to mark water lines, drain lines, and gas lines. (Example 2, Elevation)

W - Water Lines D - Drain Lines G - Gas Lines

Example 1, Floor Plan

Example 2, Elevation
